**Caren Schatz, MPT***Vestibular Rehabilitation certification and musculo-skeletal treatments*

Caren graduated with a Master's Degree in physical therapy from Samuel Merritt College ten years ago and has focused her entire career on outpatient physical therapy. She has pursued a Certification in Vestibular Rehab, the treatment of balance and dizziness disorders. She also has studied extensively in various manual therapy skills including joint and spinal mobilization, myofascial release, and craniosacral therapy. Although Caren's expertise is in Vestibular Rehabilitation she enjoys helping patients with a variety of difficulties and looks forward to participating in the Intensives programs.

Caren left the Bay Area five years for Reno. Although she misses the ocean where she loved outrigger canoeing now Caren enjoys hiking, water and snow skiing, the mountains and fresh air. In her spare time she practices yoga.
